ABSTRACT

Health is the pivot element of human life. Everybody try to keep good health. In the world no ones can claim that he/she is the absolutely disease free. From immemorial and then Scientist are trying to overcome the diseases. Malaria, Diarrhea, Cholera, Tetanus, Diphtheria, Tuberculosis, Chicken Pox etc. Now the above mentioned diseased are ninety five Percent has been overcome all over the World. WHO, Governments and Public-Private partnership activities has given an important, effective and positive attitude for keeping good health and try to recovered health from the diseases. It's no doubt now the life expectancy has been increased and Crude death rate (CDR) decreases. UK, USA, USSR, Singapore, Developed, under developed and developing countries have experienced, extra ordinary brilliant doctors, Professor, Nurses, Researcher, valuable Laboratory, Modern technology, costly and Specialized comfortable hospitals. Disease detector Modern Technology like Computer, Ultra So no, X Ray, MRI, ETT, ECO and Pathological test for blood stool, urine etc, and continuous try to invent new medicine for good health and diseases free healthy state. Meanwhile their performance, achievement and contribution are excellent for health. Now the average age is stand to 72 yrs. But still they are failed to recover or cured the incurable diseases like Cancer (Tumor Malignant), Inherit (Non Communicable) diseases like **Asthma**, aging peoples drop bit of Heart etc and

- Metabolic disorder related disease like Gout, Arthritis, Rheumatism, etc.
- Chronic diseases Specially- Piles, Fistula –in- ano, Tonsillitis, Allergy etc.
- Communicable diseases like, all types of allergy (Cold, dust and seasonal flu, Influenza, Virus) etc. has no curable medicine, only palliatives.
- UK, USA, USSR and other developed countries death rate of Heart diseases, Cancer, etc is very high.

In Bangladesh 1:9 peoples are suffering Arthritis & Rheumatism. Still worldwide peoples are fighting against Malaria, Diarrhea, Cholera, Ebola, TB etc. What are the courses behind it? We should find out first and then need to precede newly research and established laboratory, invent proper medicine. We know that the Pathological treatment system (Allopathic) has no medicine for DNA (deoxyribonucleic acid; a nucleic acid that is the main constituent of the chromosomes of all organisms) & RNA (Ribonucleic acid) related diseases which are caring everybody from his/her forefather. And they are used medicine are not proved by nor the patient or the healthy peoples. They proved the used medicine in laboratory by the animals etc.

- But in Homeopathy has a DNA and RNA carrying and acquired based diseases medicines. Drugs namely Medorrhocnum, Syphilinum Thuja, Baccilinum Circinocin, Ornithgalam, Tuberculinum etc. these are the Nosode (created and collected serum from related diseases patient) and proved it by the healthy peoples not animals. Which can cure the carrying diseases or inherit by DNA & RNA? The other medicines are discovered from the natured elements. As well as Proved by healthy peoples. Like **ALLIUM CEPA, Capsicum, Nitric acid, Lactic acid, Acid benzoic etc.** What is Homeopath? and how it cure the above mentioned diseases has discussed in this article for the welfare of the general mass all over the world. Homeopathy is pure Science based on treatment for keeping good health.

Key words: *By* Homeopathic treatment can cured DNA & RNA related diseases of human health.

BACKGROUND

Christian Friedrich Dr. Samuel Hahnemann, (1755–1843), Founder of Homeopathic Treatment .He was a Allopathic famous doctor in Germany. He was medical officer in hospital. At that time he is carrying a highest MD degree. Dr. Hahnemann espoused the law of cure known as "Similia Similibus Curentur", or "Like Cures Like". This means that the remedy that produces symptoms. He was a famous German Allopath physician (MD). Homeopathy Treatment Systems (HTS) are most important thing is **this “Treat the Patient, Not to the diseases”** based on Inherit character (DNA & RNA), acquired (Syphilis, Gonorrhoea, AIDS, HIV etc), Chronic diseases and the diseases which are created by side effect taking Pathological system of drugs.

- **The Allopathic or Pathological system “Treat the diseases not to the Patient’ on the basis of the pathological report.**

In 1978 Alma Ata declaration (WHO) definition of health as "a state of complete **physical, mental and social well-being and not merely the absence of disease or infirmity.**" The definition seeks to include social and economic sectors within the scope of attaining health and reaffirms health as a human right". Really Homeopath is followed it from the inception 17th Century.

Treatment of diseases, successful cure of diseases depends only the principle of **“Treat the Patient, Not to the diseases”** by Hahnemann. This idea and original them is given by **Hippocrates (460BC)**, the father of modern medical science, has given a great ideal of instruction for medical treatment– **“Find out the accurate cause of disease minutely observing the patient.** He/she, who can find out the actual cause of the disease, can heal the patient by prescribing and applying perfect medicine.” The principle of Homeopathic treatment is the reflection of this model idea of **Hippocrates.**

- Claudius Galen, Greek physician, surgeon and philosopher, (Early life: AD 129–161 Later years: AD 162–217) the father of modern physiology and the greatest scientist of all times is the discoverer of **human body structure, position of heart and many other human body related information.** By the dissection of dead bodies, he could gain the knowledge of vein, sub vein and artery of human body. He discovered first that blood from heart passes through artery. **Galen was the first who divided patients in two categories – physical and mental,** and declared that, **mental disease makes the physical problem complex.** He also invented the division basing on the action and characteristics of medicine. Discuss the matter later on.

[Andreas Vesalius (1514-1564) discovered that human body is not **parallel to the mouse, cat, and dog, Chimpanzee or any other mean animals,** rather human are **totally different. The medicines which are applying to the patient for recovering diseases; Scientist are proved that medicines before applying to the mouse, cat, dog, Chimpanzee or any other mean animals.**

The result of the researcher or Scientists may right. But question is that during the lab testing what say its felling (cat, and dog, Chimpanzee or any other mean animals). It cannot be finding. For this causes painkiller or other medicine get relief for time being. Not cured permanently. Sometimes the old disease or chronic diseases get help or partially cured, but the new disease comes forward and again the cure of this disease brings new disease. So, we can say, thus the patients are being trapped into a Vicious Circle. The above discussion we pave the way to absolute and acquired scientific method of medicine/drugs which has been cured the diseases without any hassle.

INTRODUCTION

Homeopathy is only the absolute Medical Science based on hassle free treatment. Important and in short **“Treat the Patient, not to the diseases”**. The principle of Homeopathic treatment is the reflection of this model idea of **Hippocrates** has given a great ideal instruction for human treatment – **“Find out the accurate cause of disease minutely observing the patient. He, who can find out the actual cause of the disease, can heal the patient by prescribing and applying perfect medicine.”**

While a Patient come to a homeo doctor for treatment. The doctors have to visit the patient thoroughly, head to foot and his/her structure of body, weight, height, blood group and individuality. Then have to take the history of parents

diseases, forefathers cause of death or suffering named diseases history, i.e.: Inherit character (DNA & RNA), Self acquired diseases (Syphilis, Gonorrhea, AIDS ,HIV etc), Patient how acquired the disease, what is his/her suffering in present , past life history from birth to present time like 0-5yrs, 5-10yrs,-15yrs-50-yrs interval. What's suffered, running discomforts along with the characteristics etc. and emphasis is given on the inherited & previous diseases. **Mental condition of the patient:** likings – disliking of food habits and others; **characteristics and the modality** of the diseases (**amplify and diminish of the disease**. pathology is need, not essential. Selected medicine and applied. After taking medicine if the patent **mental condition** is improved. You can decide selected medicine is proper and right. Disease what's so ever, patient will cure no doubt.

As the explain by the Claudius Galen, Greek physician, surgeon and philosopher, father of modern physiology and the greatest scientist of all times Galen was the first Scientist who divided: patients in two categories – physical and mental, and declared that, **mental disease makes the physical problem complex. He also invented the division basing on the action and characteristics of medicine.**

In Homeopath patients has four categories-(i). Psora (ii).Psychosis (iii) Syphilis & (iv) Tuberculosis group. Every patient off course carrying one or more categories. Chronic, complex and Cancer patients are carrying Tuberculosis group which included all four. It may Psora + Psychosis or Psora + Syphilis or Psora+Sycosis+ Syphilis +Tubercluis = Cancer. Doctor find out the category then apply selected medicine. Diseases what's so ever chronic or complex, if the doctors find out the patient categories-specially mental and physical patient must be cured no doubt about it.

The infinitive (α) important thing is that the homeopath which is explained by the Andreas Vesalius (1514-1564) discovered that human body is not parallel to the **mouse, monkey cat, and dog, Chimpanzee or any other animals, rather it is totally different.**

Note that in what medicine/drug you are taking? Taking drugs which are proved in the laboratory by the animals. Proving period what's fell (comfort or discomfort) the animals? Have it detected? Is it possible? Of course not, but thing is right. Otherwise, all over the world billions of patient are not relived/palliatives from the diseases. It is the great achievement and contribution of modern Science and Scientist. But obviously errors have. Used drugs mention that have side effect. So, the patient are not absolute cured **rather fail into the vicious circle.** On the other hands.

ii). Committed to equal formula or opportunity for all persons **without regard to race, color, religion, sex, age, marital status, disability, sexual orientation, national origin, disabled veteran or Vietnam-era veteran, or any other classification.** Heart block so what give him ring. No consideration above broad description. **It is off course good.** But my suggestion is how to treat the patient more sophisticated way like Homeopath medicine Kali Bitch, Medorinum, Pulsatila etc.

We prohibit and do not tolerate any form of discrimination or harassment.

In Homeopathic medicine/drugs ingredients are collected from the nature (like Allium Cepa, Allium sativum etc) which are taking the peoples as food in crude form. As Drugs are not proved by animals. It's proved by healthy persons and write down his/her opinion (this is called Materia Medica all the medicine included). When patient come to doctors, the doctor will examine the patient, taken statement, history, find similarity etc then apply medicine one or two drops only. The old disease is not being partially cured, shall be fully cured; no chance to comes the new diseases. Past diseases come and cure respectively.

Limitation: Homeopathy is unable to work in some or more cases. If the patient tissue is changed or deformed, Homeopathy is failed there. The patient who needs immediate operation needs not to come or stayed in Homeopathy. Urgently go the respective hospitals. Don't daily. The correct medicine will lead the path of cure and there is no suspect or no chance to think of it. It can't be said that there is no failure, failures off course. No hesitation to say that. Before the change or deform of tissue or before taken Chemotherapy for cancer, Homeopath can help provided that have to go real, skilled and efficient homeopathy doctor. Most of the cases chance to be cured from the incurable diseases. Homeopathy has a medicine but efficient doctors are few, Allopathic has a brilliant, efficient and meritorious doctor but no DNA & RNA certificated medicine. Need to coordinate both treatment system and work should side by side or simultaneously as on when necessary for good health.

Homeopathy Treatment system: “Treat the Patient, not to diseases”

Explanation: It is absolutely prove that each and every men and women, all over the world, are different irrespective of food habit, test, size and shape, black and white, weather, mentality or mental agony, and above broad in geographically location etc. That is no person is equal or similar as his/her own individual character all over the world. Not only is a single country of the peoples, every country of the world population 7.6518 billion (even twi) thumbs are different. Not same to each other.

Men and women, age limit specially children, young and old, tall and short are very much dissimilar but the doctors are generally prescribe like Paracil (Paracetamol) for fever and Diclofen, Profenid, Ultrafen , Cap. or Inj. Diclofen+ or Volterin Suppository etc. or the Medicine of Indomathcin Group which are used as painkiller for all patient without considering above those differences.

At present the world has 7.65 Billions= 765 Cores of peoples. But no one is similar to each other. Even a twin which are born from same couple but are not equal or same each other. Each and every person is different irrespective of **mental, health, behavior and test**. Every Men and women are different in respect of short-tall, White-Black, race, religion etc. Different from Whether, Climate and also geographical difference. Give up the full person 5ft 6 inch, considered only he/her a thumb or figure print look a different. **That is the Individuality. Passport is the authenticated absolute documentary evidence**. So, how the Allopath or Pathology will give the same medicine worldwide for all same patient like Paracetamol for Dengue patient, Paracetamol for Influenza and also Paracetamol for Typhoid or Normal Fever 101+F, Pain relief and so on.

- Even also Paracetamol for Gout, Arthritis and Rheumatism apply as pain killer. Without consideration of patient individuality, country, climate, test, mental agony etc.
- The same way Medicine used for the gout patient for decreasing uninc acid- Ziloric, Azloric, Colcicin, Diclofen, Profenid, Ultrafen or Cap. or Inj. Diclofen⁺ or Volte rin Suppository etc. or the medicine of Indomathcin Group. Apply for all gout or arthritics and Rheumatic patient for pain relief. Gout and Arthritis has fully cured there is no single evidence all over the world rather the patients are affected by kidney diseases, Gastric and other complexity.

Chronic diseases Specially- Piles, Fistula in ano, Asthma, Tonsillitis, all types of allergy (cold, dust and seasonal) is cured has no single evidence all over the world. Only Palliative, invite other diseases like vicious circle. All though it is better for emergency.

It is obvious Allopath/Pathology do not consider the individually, Geographical and Climate changes difference, Languages, Culture, Test, Habit, Production of commodity etc. They used same medicine for all on the basis of Pathological Report. On the other hands HTS considered individually and others. Shows it by the following Table:

Without considering individually, Geographical difference, Languages, Culture, Test, Habit etc. Used same medicine for all on the basis of Pathological Report.					Considering Individuality
Patient Name	Age	Description of Diseases (Test)	Country	Medicine/ Allopath (Worldwide Same medicine)	Homeopath Individuality (Not for all Same medicine)
Sanjeda Jahan	29	Dengue Right knee Pain Test: Dengue	Bangladesh	Paracetamol Bp 500mg, 1+0+1 Or Diclofen + or Voverin Suppository, with ENTACYD	Rustox < Bryonia
Md. Fazlul Hoque	62	Gout/ Arthritis Test: Uri Acid-CVC / RA/ ESR-	USA	Paracetamol, Colchicin, Diclofen, Profenid, Ultrafen or Cap. or Inj. Diclofen + or Voverin Suppository etc. or Indomethacin Group apply for all gout or arthritics. with ENTACYD Plus.	Colchicum/ Acid Benz/ Colocynth /Bryonia etc
David Ricardo/ Dr. Fazlul Hoque	85	Gout/Arthritis Uri Acid/ RA/ ESR	UK	Paracetamol, Colchicin, Diclofen, Profenid, Ultrafen or Cap. or Inj. Diclofen + or Voverin Suppository etc. or Indomethacin Group apply for all gout or arthritics, Seclor, Neotac	Ammon Benz/ Nitric acid/ Thuja
Sanjoy	19	IgE, CVC	India	Montelukast 5mg 0+0+1 Napa, Voverin Seclor, Neotac	Kali Sulf, Tub. bov
Hamidur	35	Syphilis/ Gonorrhoea/HIV	USSR	Newly invented medicine for all over the world Inj. Neosulverson, Antibiotics	Thuja, Medo, Cinaberis, Cantharis
Dr. Hoque	56	Prostate Cancer PSA 25ng/l Biopsy Report Cancer Stage-4+4 = Mates sis	Singapore SGH Prof. cheng	Robotic Operation 16/10/2010 best treatment. Also another Cancer. Antibiotic 500mg. Chemotherapy. Same medicine all over the world.	After biopsy no medicine in Homeopath. Should be treatment Allopath.
Marawa, Araf Suv etc.	5 12 19	IgE, Asthma, Bronchitis, Allergy cold, dust, hot Pneumonia.	India, Nepal Indonesia Malaysia Singapore	MNOAS R, Vento line Nebulizer Machine Modern Technology. Not to be cured. Only palliative.	Kali sulf, Nat. Sulf Kali phos, Arse alb etc. fully cured. No doubt about.

The above table shows the differences between Allopath/Pathology and Individuality treatment (HTS): Both are needed coordinate necessary as a when simultaneously. This should be considered substitutes and complementary treatment each other for the interest of the peoples welfare of health. **Need to research and lab rotary, create a scientists for Homeopathic treatment. Metabolic disorder diseases like Gout may attack son but zero chances to daughter of same parents.**

Differences:

It is obvious that, the countries which are situated at $23\frac{1}{2}^0$ north latitude of the north and $23\frac{1}{2}^0$ south latitude of the south. The countries of the Africa and Saudi Arabia are very hot and European countries are very cold. While USA night, Bangladesh/ another country is day or viz a viz. some countries are surrounded by mountains, other country is flat; river maiden delta; Variety of language, culture, eating habits, and the different types of crops: Different types of physical structure of each patient, such as: long-short, thick healthiest, dry and wet food habit and product commodities are different. For this reason, there are differences in **taste, mood, food habit or eating, sleep, sex, likes, dislike, thirst, in different countries of the world. So, same medicine/drugs are applied for may not be scientific and rational.**

On the other hand,

** Laboratory or Pathology or Modern Technology cannot find causes some diseases like (i). **Right sided pain or headache**, (ii) **left sided pain or headache**. (iii). **Forehead** or (iv). **Upper head or, Back sided Pain** of the headache are not detected by pathology, **X, ray, Ultra sono,4D USG/ Echo/ Doppler/ ETT/ Endoscopy/ Colonoscopy/ EMG,NCV even supper computer**. **HTS** is the best medicine named **Sangunaria and Spizelia or Nat. Mur** only one dose is enough for headache. No need **Paracetamol, Duspriin or Aspirin or other pain killer** which can create kidney disease for medicinal side effect.

2. **Gout, Arthritis, Rheumatism** related patient frequently express his/her pain begin in **big, right knee joint or ankle joint**. (i). After some times the Pain shifted to the **left side big toe or knee joint**. i.e. the Pain is transfer **from right to left or left to right or Up to down or down to up or Cross wise like Pendulum of the watch**. It is **not detected by Supper Computer**. Only the medicine **Lico, Lachesis, Lac can, Bryonia, Rustox or Lac Deflamator etc.** [No need Colcicin, Diclofen, Profenid, Ultrafen or Cap. or Inj. Diclofen+ or Voterin Suppository etc. or the medicine of Indomathcin Group. If you take this medicine have to face the vicious circle of diseases].

ii). Again, Pathology or Technology can detected the diseases but no capability to cure diseases. As Technology (Toshiba Thermo) can detected a patient fever 102/1040 F. (Toshiba Thermo has no capacity to remission fever). Need to Proper medicine according to individuals not Paracetamol or Napa. Technology is important for detected diseases which find out way to reduce discomfort to the patient. But proper, side effect free medicine. How Homeopathy medicine/drug act on the patient and how you will select the medicine to apply the patient single instance given below:

ALLIUM CEPA (By William BOERICKE)

Every educated society should realize in what logic of science the same medicine (except the difference of mg) is applicable to people irrespective of all **rac**es, **religions**, **colors**, **clans even the young and the old and the woman**. No logic will accept/support the same medicine for all. Not only in logic but also it is really impossible. For this reason though medicines of ‘**Diactin, Diabenol, Diomin, Comprid or Glipizide**’ **group or any other medicines made of different name of different company for diabetic patient worldwide lessens blood glucose/Sugar but kidney problem, cataract, high blood pressure or other incurable diseases**. Accordingly Rheumatism patients may be relieved by medicines of Rheumatism pain temporarily but a result of taking these medicines they are attacked by heart diseases, high blood pressure, kidney failure or any other incurable diseases.

Similarly, operation of **Piles, Fistula--in--ano is creating Lungs Cancer** etc. Claiming of Cancer worldwide can be cured by Chemotherapy is obsolete. Its main cause is pathology dependency. Actually, Allopathy is pathology dependant. Medicines are prescribed only when the disease is diagnosed through pathology. But is it possible to diagnose all diseases through pathology? I can assure you that it's not possible. Not only pathology but also the newly invented super computer is not able to diagnose all diseases and psychological problems of human being. If we analyze the patient's case history, his or her food habit, taste, nature, characteristic and appearance are found different from others. For example, someone likes fish, meat, egg, milk and sweet while another person does not. Someone sleeps at right side, some at left. Again someone likes to lie on the back while some other lies with the faced onwards. Someone gets angry easily while some other does not. Someone becomes happy at others success or doing other's well being while some other envy at other's success or becomes happy at other's loss.

In Homeopathic treatment, Patient proper case taking first, then knowing the past life history, running discomforts along with the characteristics etc. and emphasis given on the inherited deficiencies sufferings from previous diseases. Mental condition of the patient, likings –disliking; characteristics and the increase and decrease of the disease. Here pathology is need but not essential. After taking medicine patient mental condition is to be improving, it is to be considered that the medicine selection is correct. The correct medicine will lead the path of cure and there is no suspect or no chance to think of it. It can't be said that there is no failure in Homeopathy, the failures are uncountable and we have no hesitation to say that.

At present individuals and all govt. are very much aware about health and diseases World Health Organization (WHO) giving developing and developed countries health support. Their contribution is not described in short. All the governments and peoples are very happy of the organization. Now the alternative medicine especially food supplement are available in world market and peoples are taken for their health.
